Principal's foreword

Introduction

2012 was another exciting, focussed year for all here at Jondaryan State School. We continued to maintain and explore new options for providing a great range of academic, social, cultural and sporting opportunities for our students.

Students participated in a range of additional learning opportunities including camps, Eisteddfods, excursions, and performances. Our students received great results in external competitions and our past students continued to do us proud with strong results and leadership at their chosen high schools. Our strength lies in the individualised programmes we are able to deliver with our well-resourced classrooms and caring staff, as well as being flexible to change and opportunity as it arises. 'Strive for the Best!' is not just our motto, but something we believe in for all of our students, staff and community.

Queensland State School Reporting

2012 School Annual Report

School progress towards its goals in 2012

In 2012 our staff focussed heavily upon ensuring that our school curriculum aligned with ACARA and Education Queensland's development of C2C's. This resulted in the implementation of C2C curriculum in English, Math and Science. Jondaryan school went through a Curriculum Audit in second semester and presented with 'highs' in all of the 8 domains. We feel that we have created a well-balanced holistic curriculum to ensure the continued excellent progress of our students.

With Education Queensland delivery for all school to be in the Pursuit of Excellence, Jondaryan State School has implemented a whole school explicit teaching framework. Underpinning this framework is the delivery of: warm ups, I Do, We Do and You Do with all learning intent.

We also continued to develop individualised programmes for a number of our students with identified needs. To this end, we worked closely with our HOSE, AVTs, LANST, BST and support staff to ensure that we adequately addressed the needs of all students.

Our staff also have looked closely at how our school can further embed ATSI perspectives in all areas of school operations and teaching/learning. We also invested heavily in a range of skills of our staff to ensure that they remain at the forefront of educational practice.

We have been very happy with the progress made in 2012, particularly with our curriculum, which we believe is vital for our students.

Future outlook

Our School Operational Plan for 2013 identifies Literacy as an area that we would like to focus on for improvement. Whilst our students are within the National Minimum standard in this area, we would like more of our students to be represented in the top two bands of national testing. All staff employed at Jondaryan will be trained in L.E.M phonics to align a whole school approach to teaching Literacy.

This year is also a key juncture on the path to a National Curriculum. We will be putting a heavy emphasis on ensuring that our school is ready for the first stage of implementation in 2013 of History and Geography. A final key goal in 2013 is to develop a Whole School Pedagogical Framework to ensure we have consistency with all aspects academic processes. This will guarantee that all staff are instructional leaders providing necessary skills to support our students in achieving their academic potential.

Our aim is to continue the things that we already do well and to improve upon those areas where we can do better!

Our school at a glance

School Profile

Coeducational or single sex: Coeducational

Year levels offered in 2012: Prep - Year 7

Total student enrolments for this school:

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2010	31	13	18	84%
2011	28	13	15	92%
2012	28	14	14	74%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

Students attending Jondaryan State School largely comprise children from the local township, which is a significant change from a few years earlier, when a significant proportion of students were derived from outlying properties. Farming families are at a stage in the cycle where there are less young children and there has been an amalgamation of properties and drift of rural families to larger centres seeking employment opportunities. This has led to declining enrolment numbers at the school. Students from the township have also tended to be more transient. Jondaryan has seen a trend increase in students requiring more intensive support.

Average Class sizes

Phase	Average Class Size		
	2010	2011	2012
Prep – Year 3	18	11	17
Year 4 – Year 10	19	15	
Year 11 – Year 12			

School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2010	2011	2012
Short Suspensions - 1 to 5 days		4	
Long Suspensions - 6 to 20 days		0	
Exclusions		0

Curriculum offerings

Our distinctive curriculum offerings

- Strong literacy and numeracy programmes
 - German LOTE
 - Choir for all Prep to Year 7 students
 - Integrated usage of computers, iPads and technology in learning
 - Leadership camps and subsidized external learning opportunities
-

How Information and Communication Technologies are used to assist learning

Computers are used as an integral tool in the teaching/learning process at Jondaryan. A minicomputer lab is supported by several computers and iPads, printers, and data projector/interactive whiteboard in each classroom. Students are explicitly taught computer skills and keyboarding as part of classroom teaching units. They are encouraged to make appropriate use of these ICTs, inclusive of educational iPad apps, Mathletics, Reading Eggs and Reading Express, throughout the school day as part of an integrated approach to learning. Students use a wide range of multimedia devices and techniques to complete presentations as part of Term projects at the school.

Social climate

We take care to ensure that our school provides a safe, supportive and disciplined learning environment. This is something for which we have a very good reputation and which is highly regarded by our school community. All staff make it their business to ensure that children are happy to be a part of our school, and encourage all students to promote a positive atmosphere. Our Year 7 students are School Leaders and it is part of their mandate each year to ensure all of our students endeavour to follow our code of *'Being Safe, Being Responsible, Being Respectful'*.

In 2012 Jondaryan implemented the 'You Can Do It' program. You Can Do It's main purpose is to support our community, school, and homes in a collective effort to optimise the social, emotional and academic outcomes of all young people. Its unique contribution is in identifying the social and emotional capabilities that all young people need to acquire in order to be successful in school, experience wellbeing, and have positive relationships including making contributions to others and the community (good citizenship).

Our school at a glance

Parent, student and staff satisfaction with the school

We continued to maintain a high satisfaction ratings with an improvement for how we are doing from our parents, although a slight slip in rating from our students. Our biggest gains from 2011-2012 are from our parents and staff. We believe that we have formed positive partnerships with our parents, ensuring they are valued and included in the systemic processes. We made a conscious effort to improve professional development access so that our staff can stay at the forefront of educational research and practice. This has resulted in a marked improvement in satisfaction with PD opportunities. We will continue to do our best in 2013 to ensure that all stakeholders are happy with our efforts in providing an excellent education.

Performance measure (Nationally agreed items shown*)

Percentage of parents/caregivers who agree that:	2012 [#]
their child is getting a good education at school	100.0%
this is a good school	100.0%

Involving parents in their child's education

Our parents and community are very supportive of our school, whether it be through our active P&C Association, which has purchased or provided a vast array of physical resources for the school and conducted a range of working bees. They are active with assistances with class help, coaching of students for a variety of sporting carnivals held throughout the year, providing transport, participating in class activities, and being available for our students whenever needed. Staff aim to always be approachable and available to parents to discuss the progress of their children.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Our school community is very conscious of the need to reduce environmental and financial impacts associated with our environmental footprint. In 2012 we managed to make good inroads into reducing our electricity usage and costs. We will continue to monitor our usage of all such utilities and reduce wherever possible.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2009-2010	26,354	3,584
2010-2011	23,960	3,584
2011-2012	20,106	80,000

Our staff profile

Staff composition, including Indigenous staff

2012 Workforce Composition	Teaching Staff	Non-teaching Staff	Indigenous Staff
Headcounts	4	6	0
Full-time equivalents	2.5	3.4	0

Qualifications of all teachers

Highest level of attainment	Number of classroom teachers and school leaders at the school
Doctorate	0
Masters	0
Bachelor degree	5
Diploma	0
Certificate	0

100% of our teaching staff have a Bachelor degree as their highest level of educational attainment.

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2012 were \$4379.

The major professional development initiatives are as follows:

- Prep and Early Years training
- Social and Emotional Wellbeing Training
- First Aid Training
- Training for Students with needs
- Small Schools Networks and Leader Professional Development

Our staff profile

The proportion of the teaching staff involved in professional development activities during 2012 was 100%.

Average staff attendance	2010	2011	2012
Staff attendance for permanent and temporary staff and school leaders.	96.7%	96.1%	98.4%

Proportion of staff retained from the previous school year

From the end of the previous school year, 100% of staff was retained by the school for the entire 2012 school year.

Student Attendance Distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

As a small school, and due to the close relationship with parents, phone calls are made to discern reasons for student non-attendance. Rolls are marked early in the morning session and following afternoon tea. All absences are marked with a code and any unexplained absence is followed up the next school day. Families are made aware of the importance of attendance through 'Every Day Counts'.

Performance of our students

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.

Achievement – Closing the Gap

Jondaryan has a very low number of indigenous students with very good attendance statistics. It is not pertinent to comment on achievement statistics due to the very low number of indigenous students at the school and consequent privacy concerns.
